MANAGEMENT DISCUSSION & ANALYSIS REPORT

GLOBAL & INDIAN ECONOMIC PERSPECTIVE

As per the reports available from the World Bank that they are revising its 2016 global growth forecast down to 2.4 percent from the 2.9 percent pace projected in January. The move was taken due to sluggish growth in advanced economies, stubbornly low commodity prices, weak global trade, and diminishing capital flows. Commodity-exporting emerging market and developing economies have struggled to adapt to lower prices for oil and other key commodities.

It is observed from the report that the growth of economies is continuing to be slow and fragile with big impact and concerns coming from slow down across the developed and emerging market economies, unstable commodity prices and falling global demand. In spite of the global uncertainties the Indian macro-economic scenario remains to be favourable. The favourable market indicators for India was coming from strong Forex reserves, falling interest rates, lower inflation rates etc.

The current account deficit for the Financial Year 2015-16 is estimated at 1% of GDP, which is lower compared to three years ago. The government has maintained the fiscal deficit at 3.9% of GDP and with the help of structural reforms and liberalisation of foreign direct investment had a positive impact on the Indian economy.

India has emerged as the fastest growing major economy in the world as per the Central Statistics Organisation (CSO) and International Monetary Fund (IMF). According to the Economic Survey 2015-16, the Indian economy will continue to grow more than 7 per cent in 2016-17.

The improvement in India's economic fundamentals has accelerated in the year 2015 with the combined impact of strong government reforms, RBI's inflation focus supported by benign global commodity prices.

India was ranked the highest globally in terms of consumer confidence during October - December quarter of 2015, continuing its earlier trend of being ranked the highest during first three quarters of 2015, as per the global consumer confidence index created by Nielsen.

According to IMF World Economic Outlook Update (January 2016), Indian economy is expected to grow @ 7-7.75 per cent during Financial Year 2016-17, despite the uncertainties in the global market. The Economic Survey 2015-16 had forecasted that the Indian economy will be growing by more than seven per cent for the third successive year 2016-17 and can start growing at eight per cent or more in next two years.

IMPORTANCE OF HOUSING AND HOUSING SHORTAGE

India's housing shortage / crisis is seen as a national crisis. But it is always important to identify the root cause of a problem before doing something about it. There are many problems which most experts, politicians and activists associated with housing shortage in India are faced with.

The Indian economy is going through a phase of rapid urbanisation. Although a large section of the population is likely to still remain in villages, the percentage of people residing in urban areas is rising.

As per National Housing Finance report, India's urban population is likely to grow from 285.3 million in 2001 to 533 million in 2025, as per the projections based on past trends. The Ministry of Housing and Urban Poverty Alleviation has estimated the housing shortage in urban India at 18.78 million units, of which nearly 95% are related

URBAN HOUSING			RURAL HOUSING		
Category	Shortage *	% to Total	Category	Shortage *	% to Total
Economical Weaker Section (EWS)	10.55	56.18	Below Poverty Line (BPL)	39.30	90.00
Lower Income Group (LIG)	7.41	39.44	Above Poverty Line (APL)	4.37	10.00
Middle Income Group (MIG)	0.82	4.38			
Total	18.78	100.00	Total	43.67	100.00

* Million units

to the economically weaker sections and low income group of the urban population in 2012. Besides urban areas, there is also a looming housing shortage in rural India. The Working Group on Rural Housing Shortage estimated the rural housing shortage at 43.67 million units in 2012, of which more than 90% of the housing shortage lies with the lower income and marginalised groups.

The governments' flagship project of 'Housing for all' and 'Smart Cities' has given a big boost to the Indian Retail Mortgage market. The rising disposable income of the individuals, decreasing interest rates, tax reliefs on housing loans are the key pointers for the growth of housing loan market. The government emphasis on the schemes like 'Atal Mission for Rejuvenation' and 'Urban Transformation' will help in increasing the housing demand and improve the urban infrastructure.

HOUSING INDUSTRY OUTLOOK

The Indian economy stands at crossroads which can be taken from a slow road to a faster one through greater political stability and a supportive policy framework. The strong policy measures taken by the Government and the RBI have somewhat stabilized the currency, rebuilt the reserves, and narrowed the excessive current account deficit but the weaknesses in the form of persistent inflation, fiscal imbalances, bottlenecks to investment, and inefficiencies that require structural reform still persist. The Indian economy expanded at its fastest pace in two-and-a-half years in the quarter ending June 2014 on the back of a turnaround in manufacturing. Quarterly GDP at factor cost at constant (2004 - 05) prices for Q1 of 2014 - 15 is estimated at ₹ 14.38 lakh crore, as against ₹ 13.61 lakh crore in Q1 of 2013-14, showing a growth rate of 5.7 per cent over the corresponding quarter of previous year. The growth in the performance of exports (that registered a growth of 11.5 per cent at 2004 - 05 prices), along with the measures taken by the Government, the economy can be expected to show further improvement.

THE INDIAN HOUSING FINANCE MARKET

The housing finance system has been rapidly evolving. The sector is largely driven by the aspirations of people

in all income segments who desire to own a house early in their lives. The capacity of the lending institutions has grown over the years as the mortgage segment has proved to be promising and profitable and increasingly bankable. The market is big and growing on account of factors such as rapid urbanization, population migrating to urban centers, and demographic composition. The growth and evolution of the sector are marked by challenges and opportunities for the various stakeholders. While the financial sector (demand side) is fairly unified under the governance of a central regulator, the construction activities and land resources (supply side, or the real economy) and their governance are decentralized and somewhat fragmented. This has thrown up regulatory challenges often resulting in multiple regulations. This tends to affect the efficiency of the market, while inducing some unintended distortions that limit the market potential. However, it is widely recognized that the Indian mortgage finance market has withstood the stress and pressures resulting from the ongoing global crisis. This is evidenced by the sustained robust growth of the sector despite recessionary trends in several quarters of the domestic economy. The quality of assets in the housing sector has been consistently good, as reflected in the low level of non-performing loans, though the coverage has progressively expanded across the population and geographical regions. While the market has become more engaging for the lenders, the need for a good balance between regulation and development cannot be overemphasized in the larger context of the economic imperatives and the national priorities of the government.

The property prices lingering at exorbitant levels in Metros, Tier-I, Tier-II and Tier-III cities have emerged as new avenues for growth for the housing finance market. The economic growth has also opened the door in the employment sector and with affordable property prices and easy availability of finance being the strong drivers in which people are migrating from smaller towns and rural areas to Tier-I and Tier-II cities. With strong presence in Tier-II and Tier-III cities and superior client servicing resulting in quicker turnaround time, HFCs are expected to witness faster growth than banks in these segments. HFCs have shown a strong growth in disbursements in non-metro cities.

HOUSING FINANCE COMPANIES

The key success factors

The key factors for HFCs to succeed in the Indian housing finance industry include:

- Cost of funds
- Strong credit function
- Cost of operations
- Product features
- Brand recognition
- Choice of niche market (Rural/Urban/Rurban)
- Choice of income segment

Opportunities and Threats

Housing finance in India is growing rapidly. With the intervention of the banking sector and the emergence of more specialized financial institutions, the sector is attracting a wide range of customers ranging from individuals to corporations to large cap groups. The composition of funds for the housing sector - a mix of short and medium-term funds lower a concern. Measures are being considered for channelling long-term pension and provident funds as well as external funds into the housing sector. A securitization market has also begun to operate, as a measure for better matching of Assets and Liabilities. The Government of India, Reserve Bank of India and the National Housing Bank have attached priority to the housing finance sector and continue their support to the sector through fiscal and regulatory measures. The burgeoning middle class, their increasing purchasing power, the changing demographics, and the increasing number of nuclear families coupled with a low delinquency rate have resulted in a significantly low number of non-performing assets compared to other sectors. Further, this has enabled the sector to grow at a phenomenal rate and attracting many institutional players representing high volume.

The property prices have seen upward movement and the expected rise in interest rates due to inflationary pressures could impact the affordability of the average home loan borrower to a great extent. Nevertheless the housing finance sector is expected to continue to grow steadily backed by the continuing demand and supply gap in dwelling units, reducing age profile of borrowers, higher income levels, increasing proportion of double income households and easy and wider choice of financing options.

Housing being one of the low risk asset classes for financiers and hence scheduled commercial banks have become very aggressive in this segment, which are armed with a well established and vast network and accessibility

to funds at relatively lower costs. The challenge and concern for the “stand alone housing finance companies” will be the continuous availability of funds at a longer tenor at affordable rates. Reserve Bank of India has mandated the Banks to switch over to the system of “Base Rate”, which is a welcome measure, will enhance transparency in lending rates, however may result in increase in cost of funds for the Housing Finance Industry. However still there is ample scope for the “Housing Finance Industry” to grow, due to huge demand and supply gap existing in housing segment and the consequent need for funding of purchases of shelter across all segments of the population.

Risks and Concerns

One general feature observed in many of the housing finance companies is lowering of interest spreads due to increase in cost of funding and competitive rates to be offered on housing loans due to stiff competition from scheduled commercial banks. Upward trend witnessed in property prices and the expected rise in interest rates will impact the affordability of vast number of end users.

Risk Management

Risks include credit risk, liquidity risk, and interest rate risk, operational risk, and market risk. The credit risks are minimized by having established credit appraisal system in place, prescribing exposure limits, and periodic review of the portfolio. The Company operates in the mid segment and a substantial majority of borrowers are in the salary group. The Company employs checks, field verification, stringent legal and technical due diligence etc. which have helped to reduce incremental delinquencies. The operational risks are minimized by strengthening the internal control procedures and addressing the deficiencies reported by the internal auditors. Liquidity risk and interest rate risk arising out of maturity mismatch of assets and liabilities are managed through regular monitoring of the maturity profiles, and yield management by way of risk, return, and portfolio management. The company proposes to manage the increased risk through available methods of portfolio churning by the RMBS/loan asset sale / assignment route as well as rate SWAP arrangements when probable with Banks/Institutions.

Risk Management Committee

The Company has formed an Asset Liability Committee (ALCO) which meets at periodic interval to review its approvals and controls to the various risks faced. The ALCO reviews the process of implementation of various risk management techniques, system policies, procedure and evaluates as well as advises for changes required in relation to the business environment.

Segment Reporting

Accounting Standard 17 regarding Segment-wise Reporting does not apply to your Company since revenues are derived from only one segment i.e. housing finance activity.

Marketing and Selling Arrangements

The Company's marketing team has taken steps to serve the customers at their door step which includes appointing Home Loan Counselor's. The Company also caters to walk-in customers among others.

REMUNERATION POLICY

The Company has formulated a Nomination (including Board Diversity), Remuneration and Evaluation policy as per the provisions of Companies Act, 2013 and Listing and Obligation Agreement 2015 with SEBI which, inter-alia, lays down the criteria for identifying the persons who are qualified to be appointed as Directors and such persons who may be appointed as Senior Management Personnel of the Company and also lays down the criteria for determining the remuneration of the Directors, Key Managerial Personnel (KMP) and other employees.

The Nomination, Remuneration and Evaluation Policy of the Company, inter-alia, provides for the attributes for appointment, components of the remuneration and the process of performance evaluation relating to the Directors, Key Managerial Personnel (KMP) and other employees of the Company as explained hereunder;

Appointment criteria, remuneration terms and evaluation of the Non-Executive Director(s)/ Independent Director(s):

The Nomination, Remuneration and Evaluation policy of the Company aims at promoting diversity on the Board and recommends that the Board shall at all times represents an optimum combination of Executive and Non-Executive Directors as well as Independent Directors with at least one woman Director and not less than fifty percent of the Board comprising of Independent Directors. The selection of candidate(s) for the directorship shall be based on factors like educational and professional background, personal achievements, experience, skills, etc. The appointment of Independent Directors shall be made in accordance with the provisions of Companies Act, 2013 and Listing and Obligation Agreement 2015 with SEBI.

Independent directors and non-independent non-executive directors may be paid sitting fees (for attending the meetings of the Board and of committees of which they may be members) and commission within regulatory limits. Within the parameters prescribed by law, the payment of sitting fees and commission will be recommended by the NRC and approved by the Board. Overall remuneration (sitting fees and commission) should be reasonable and sufficient to attract, retain and motivate directors aligned to the requirements of the Company (taking into consideration the challenges faced by the Company and its future growth imperatives). Overall remuneration should be reflective of size of the Company, complexity of the sector/ industry/ company's operations and the company's capacity to pay the remuneration. Overall remuneration practices should be consistent with recognised best practices. Quantum of sitting fees may be subject to review on a periodic basis, as required. The aggregate commission payable to all the non-executive directors and independent directors will be recommended by the Nomination and Remuneration Committee to the Board based on company performance, profits, return to investors, shareholder value creation and any other significant qualitative

parameters as may be decided by the Board. The Nomination and Remuneration Committee shall recommend to the Board the quantum of commission for each director based upon the outcome of the evaluation process which is driven by various factors including attendance and time spent in the Board and committee meetings, individual contributions at the meetings and contributions made by directors other than in meetings. In addition to the sitting fees and commission, the Company may pay to any director such fair and reasonable expenditure, as may have been incurred by the director while performing his/her role as a director of the Company. This could include reasonable expenditure incurred by the director for attending Board/ Board committee meetings, general meetings, court convened meetings, meetings with shareholders/ creditors/ management, site visits, induction and training (organised by the company for directors) and in obtaining professional advice from independent advisors in the furtherance of his/ her duties as a director.

Appointment criteria, remuneration terms and evaluation of the Executive Director/Whole Time Director, Senior Management Personnel and other employees:

The Executive Director / Whole Time Director shall be appointed as per the applicable provisions of Companies Act, 2013 and rules made there under. The proposed appointee shall be assessed against a range of personal attributes and criteria which includes but not limited to qualifications, skills, industry experience, background, etc.

The remuneration payable to the Executive Director / Whole Time Director shall carry a balance between fixed and incentive pay based on the performance objectives in relation to the operations of the Company. The Compensation payable to Executive Director / Whole Time Director shall be competitive and shall be commensurate to the individual's role, responsibility and experience in relation to performance of business of the Company. The total managerial remuneration payable by the Company to Executive Director/ Whole Time Director shall be within the limits prescribed under the Companies Act, 2013.

The Executive Director / Whole Time Director shall be evaluated / re-appointed on the basis of his present performance (financial/non-financial) and his achievements against various key performance parameters as defined by the Board of Directors of the Company. The performance evaluation of the Executive Director/ Whole Time Director shall be carried out by the Nomination and Remuneration Committee, the Independent Directors in a separate meeting, and by the Board of the Company.

The Company shall appoint KMP i.e. Managing Director / Whole Time Director, Chief Executive Officer, Chief Financial Officer, Company Secretary of the Company as per the provisions of Section 203 of the Companies Act, 2013. For the appointment of employees, the criteria's such as qualifications, skills, regional and industry experience, background, personal attributes and other qualities required to operate successfully in the respective

position and the extent to which the appointee is likely to contribute to the overall effectiveness of the organisation, work constructively with the existing team and enhance the efficiencies of the Company, shall be considered.

The remuneration for the Chief Executive Officer, Chief Financial Officer and Company Secretary at the time of the appointment shall be approved by the Nomination and Remuneration Committee and any subsequent increments shall be approved as per the HR policy of the Company and shall be placed before the Board. The remuneration of the employees shall be determined, considering key factors like;

- (i) The remuneration should be reasonable and sufficient to attract, retain and motivate employees and should be in line with the industry practice.
- (ii) Relationship of remuneration to performance is clear and meets appropriate performance benchmarks.
- (iii) Remuneration shall involve a balance between fixed and incentive pay reflecting short and longterm performance objectives appropriate to the working of the Company and its goals.

The performance of the employees shall be evaluated on annual basis as per Company's and individual employees' performance and contribution to the overall goals / objectives of the Company.

Evaluation Process

In terms of the applicable provisions of the Companies Act, 2013 & Listing Agreement, the Nomination and Remuneration Committee has laid down the criteria for evaluation/assessment of the Directors (including the Independent Directors) of the Company and the Board as a whole. The Committee also carried out the evaluation of the performance of each Director of the Company.

In accordance with the provisions of Schedule IV of the Companies Act, 2013 and Listing Agreement, a separate meeting of the Independent Directors without the attendance of Non-Independent Directors and the members of the Management was held on February 13, 2016 to, inter-alia, review the performance of the Non-Executive Directors and the Board as a whole. INDEPENDENT AUDITORS' REPORT

THE MEMBERS OF SAHARA HOUSINGFINA CORPORATION LIMITED

Report on the Financial Statements

We have audited the accompanying financial statements of **SAHARA HOUSINGFINA CORPORATION LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2016, the Statement of profit and loss and cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement

of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2016 and its profit and its cash flows for the year ended on that date.

Annexure - B to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of "**SAHARA HOUSINGFINA CORPORATION LIMITED**" ("the Company") as of March 31, 2016 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

22. SIGNIFICANT ACCOUNTING POLICIES

1. CORPORATE INFORMATION

Sahara Housingfina Corporation Limited is mainly engaged in the business of providing housing finance to individuals and corporate for the purchase or construction of residential houses.

2. ACCOUNTING POLICIES

i. BASIS OF PREPARATION

These financial statements have been prepared in accordance with the generally accepted accounting principles in India under the historical cost convention on accrual basis, except for certain tangible assets which are being carried at revalued amounts. Pursuant to section 133 of the Companies Act, 2013 read with rule 7 of the Companies (Accounts) Rules, 2014, till the standard of accounting or any addendum thereto are prescribed by Central Government in consultation and recommendation of the National Financial Reporting Authority, the existing accounting standards notified under the Companies Act, 1956 shall continue to apply. Consequently, these financial statements have been prepared to comply in all material aspects with the accounting standards notified under Companies (Accounting Standards) Rules, 2006,[as amended] and the other relevant provisions of the Companies Act, 2013 and the guidelines issued by the National Housing Bank to the extent possible.

ii. USE OF ACCOUNTING ESTIMATES

The preparation of the financial statements in conformity with GAAP requires the management to make estimates and assumptions that affect the balances of assets and liabilities and disclosures relating to contingent liabilities as at the reporting date of the financial statements and amounts of income and expenses during the year of account. Examples of such estimates include contract costs expected to be incurred to complete construction contracts, provision for doubtful debts, income taxes and future obligations under employee retirement benefit plans.

Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates. Any revision to accounting estimates is recognized prospectively in the current and future periods.

iii. REVENUE RECOGNITION

Interest Income/Fees on Loan Assets is accounted for on accrual basis, other than on Non-Performing Assets, which is accounted for on cash basis in accordance with the National Housing Bank Guidelines. Penal interest is accounted for on realization basis.

"Fee based services", such as, notice charges, collection charges, visit fees, cheque swap charges etc. are accounted for on cash basis.

Repayment of Loan Assets is generally by way of Equated Monthly Installments (EMIs) comprising principal and interest. EMIs commence once the entire loan is disbursed. Pending commencement of EMIs, Pre-EMIs (PEMIs) interest is receivable every month. Interest on loans is computed on a monthly rest basis.

Dividend is accounted on accrual basis when the right to receive the dividend is established.

iv. PROVISIONS ON LOAN ASSETS

Loan Assets are classified as per the NHB Prudential Guidelines, into performing and non-performing assets. Non-Performing Assets are further classified into sub-standard, doubtful and loss assets based on criteria stipulated by NHB.

The Company adhered to the prudential guideline prescribed by the NHB for provisions in respect of non-performing assets and provisions for contingencies on standard assets.

v. FIXED ASSETS

Fixed asset are stated at cost, less accumulated depreciation and impairment losses. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use.

The carrying amounts are reviewed at each balance sheet date when required to assess whether they are recorded in excess of their recoverable amounts, and where carrying values exceed this estimated recoverable amount, assets are written down to their recoverable amount.

vi. DEPRECIATION/AMORTISATION

Tangible Assets other than Land are depreciated under the Straight Line Method (SLM) as per the rates and in the manner specified in Schedule II of the Companies Act, 2013.

vii. BORROWING COST

Borrowing costs that are attributable to the acquisition and construction of a qualifying asset are capitalized as a part of the cost of such assets till such time the asset is ready for its intended use. A qualifying asset is one that requires substantial period of time to get ready for its intended use. Other borrowing costs are recognized as an expense in the year in which they are incurred.

viii. INVESTMENTS

Investments that are readily realisable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term investments. Current investments are carried at lower of cost and market value. Long-term investments are carried at cost. However, provision for diminution in value is made to recognise a decline other than temporary in the value of the investments. Cost such as brokerage, commission etc., pertaining to investment, paid at the time of acquisition, are included in investment cost.

ix. TAXES ON INCOME

Tax expense for the year comprises of the current and deferred tax. Current taxes are measured at the current rates of tax in accordance with the provisions of the Income Tax Act, 1961.

Deferred tax assets and liabilities are recognized for future tax consequences attributable to the timing differences that results between taxable profits and profits as per the financial statements. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date.

Deferred tax assets are recognized on unabsorbed depreciation and carry forward of losses under tax laws to the extent there is virtual certainty that sufficient future taxable income will be available against such deferred tax assets can be realized. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in the Statement of Profit & Loss in the year of change.

x. EARNINGS PER SHARE (EPS)

Basic earnings per share are calculated by dividing the net earnings after tax for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For calculating diluted earning per share, the number of shares comprises the weighted average shares considered for deriving basic earning per share, and also the weighted average number of shares, if any which would have been used in the conversion of all dilutive potential equity shares. The number of shares and potentially dilutive equity shares are adjusted for the bonus shares and the sub-division of shares, if any.

xi. EMPLOYEE BENEFITS

The Company's contribution to the Provident Fund is deposited with Government administered provident fund and the same has been charged to Statement of Profit & Loss.

Provision for Gratuity has been made on the basis of actuarial valuation carried out by an actuary in accordance with Accounting Standard (AS) 15 (Revised) "Employee Benefits" issued by the Institute of Chartered Accountants of India.

Liability for Leave encashment is provided on the balance leave of eligible employees as at the date of Balance Sheet, in accordance with company's policy.

xii. PROVISIONS AND CONTINGENCIES

A provision is recognised when the Company has a present legal or constructive obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are not recognised and are disclosed by way of a note to the accounts.
